

## How it works

### Donate seeds (if you have any)

- Seeds saved by you or spare bought seeds welcome.
- Please no seeds saved from F1 hybrids or bought vegetables, they will not breed true.
- Labels with the name, variety and information on how they were saved would be great.
- Donate seeds at one of our city-wide drop off points or by post. See our website for a map.

### Request the seeds you need

- Copy and fill in the seed wish form from our website. Then deliver it and a SAE to us when you drop off seeds or by post.
- If you haven't donated seeds, please consider making a donation of 50p a packet using the Paypal button on our website, or paypal.me/Bristolseedswap.
- Donations are entirely by conscience and your ability to pay.

### Save seeds for next year

- Grow your crop, save some seed, keep some to grow and bring some to the next Seed Swap. Repeat.
- Sources for seed saving information:
- Bristolseedswap.com
- Realseeds.co.uk
- DIYseeds.org

## Talks programme

**LIZ ZORAB 14.00 6th Feb**  
First steps in food security

## About Bristol Seed Swap

We aim to: promote seed saving, food growing, biodiversity and our cultural heritage.

To keep food production in our hands, save money, share and connect.

Bristol Seed Swap is run by entirely by volunteers and is funded by donations.

Seeds and talks are free, but please give what you can. Donations can be made by sending a cheque or some extra stamps with your wish list, or by Paypal, there is a button on our website or paypal.me/Bristolseedswap

If you would like to help sort seeds or get involved organising please email
